United For Wildlife

The Leopard's Bend Wildlife Foundation is a South African based, Non-Profit Company founded in 2019 by Garth Wolff, owner and founder of the Leopard's Bend Bush Lodge and owner of more than 3,000 hectares on the Blue Canyon Private Game Reserve.

Our mission is to raise funds to ensure the protection of the endangered species on the Blue Canyon Private Game Reserve, and to create awareness of the immense commitment conservation requires from everyone who has enjoyed and will enjoy being on safari.

Protecting the vulnerable

With the aid of conservation minded sponsors and donors, the vital role of keeping the animals like rhinos, elephants, lions, cheetahs and leopards safe on the reserve is made easier.

Not just assisting in funding day to day anti-poaching programs, but contributing to exploring realistic, practical and critically important future avenues for wildlife conservation.
